

Technical specifications

Scope Fork Terminal

The Fork Terminal is the permanent connection of the stainless steel cable at the endpoint. The cable is connected to the endpoint by applying a crimping to the wire fork of the fork terminal.

Use

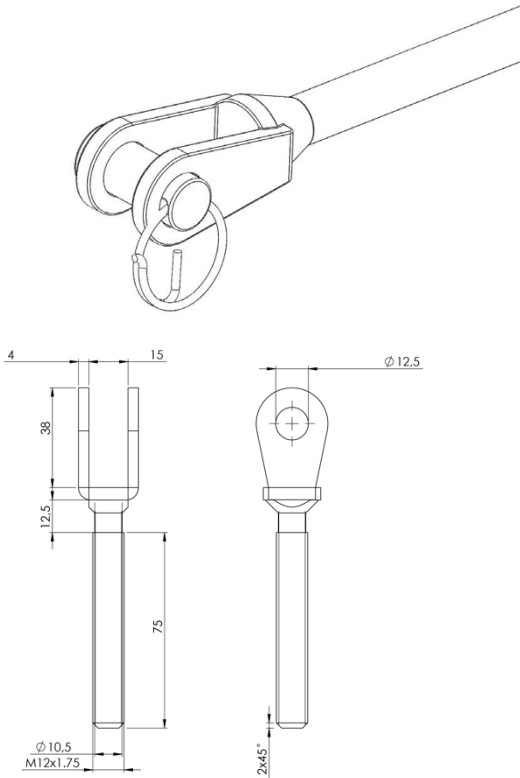

Suitable for use with the Scope Endpoint and Cable. Pressing must be done according to the specifications in the installation manual.

Materials

Fork terminal:	Stainless steel 316
Surface treatment:	Electropolished
Locking ring:	Stainless steel 316

Technical details

Breaking strength:	38 kN
Weight:	0.3 kg
Dimensions:	Length 166 mm
Attachment:	Locking pin with ring
Packaging:	Individually packaged
Colour:	Chrome
Ref:	VB04FA072
